**SKILLS
BOOTCAMPS**

Funded by
UK Government

The Textile Centre of Excellence is running
Skills Bootcamps for textile manufacturers, starting Oct 2024.

Developed specifically to meet the needs of West Yorkshire textile businesses, graduates of the programme will be ready to start work in the industry or progress in their existing roles. We'd love to hear from businesses that want to create a bespoke learning experience for their staff or new employees.

The programme consists of 9 days training over 16 weeks, delivering 8 core modules that have been specifically designed by industry experts and textile manufacturing business leaders.
